

Your coverage with a Heating Protection Plan

Included	Excluded
Aqua stat controls (boiler)	Back check valves (boiler)
Automatic gas control valves	Batteries for feed valves (boiler)
Automatic vent damper/motor	Conversion burners
Blower/component	External drain tubing (all associated parts)
Condensate pump	External line/low voltage wiring
Door switch	External metal or plastic venting/ all associated parts
Electric ignition system	Firebox/combustion chamber
Fan & limit controls	Furnace filters
Fan motor	Heat exchanger
Flame spreader	Heating coil (air handler)
Flow switch (boiler)	Heating sections (boiler)
Furnace low voltage circuit fuse	HRV/ERV replaceable filters
Gas burner & orifices	Low & high water cut off valves (boiler)
Gas regulator	Parts added on to accommodate Ancillary equipment
Heating circuit transformer	Replacement of complete heating unit
Internal wiring	Wi-Fi enabled thermostats
Pilot burner	Zone valves (boiler)
Power burner motor	
Primary circulator/pump (boiler)	
Pulley & belt	
Relay	
Roll out switch	
Summer/winter switch	
Thermocouple/generator	
Thermostat (except Wi-Fi enabled)	
Vent system pressure switch	
Ventor motor assembly	

Your coverage with a Cooling Protection Plan

Included	Excluded
Add-on fan centres	Compressor & condenser coil replacement
Add-on indoor fan relay	Cost of refrigerant recovery, vacuuming & refill
Capacitor	Repairs required within the furnace or air handler
Condenser fan motor	
Cooling contactor/relay	
Evaporator coil	
Fan blade	
Internal copper tubing	
Internal electrical wiring	
Line components	
Low ambient temperature sensor	
Thermostat	

Your coverage with a Water Heating Protection Plan

Included	Excluded
Control boards (Tankless)	External metal or plastic venting/ all associated parts
Dip tubes	Flushing of tankless unit
Flame sensor	Mixing valve
Gas valve	Plumbing fixtures/components external to water heater
Ignitor assembly (burner)	Replacement of water heater/tankless
T&P valve	Heat exchanger
Ventor motor
